

APPLETON

ELECTRONICS GROUP

GLOBAL ELECTRONIC COMPONENT DISTRIBUTION

WHO WE ARE...

Appleton Electronics Group was founded in 1985 and is a veteran owned, family operated, global independent distributor of semiconductors and all types of electronic components.

WHAT APPLETON CAN DO FOR YOU...

We specialize in supplying production quantities of all types of electronic components. Appleton is especially adept at instantaneous location and rapid delivery of discontinued, obsolete, long lead-time, and generally hard to find electronic components.

WHY MORE PEOPLE CHOOSE APPLETON...

In a word...INTEGRITY. We keep our promises.

For over a quarter of a century Appleton Electronics Group has maintained a reputation within the world wide trading community of conducting business with the highest ethical standards and of demanding the same from our suppliers.

WE'LL SEARCH THE GLOBE FOR YOUR ICs

If it's out there, we will find it. Our extensive vendor network includes the most reliable and competitively priced in the world. Let our professionals at AEG search the market for you.

OUR PEOPLE MAKE THE DIFFERENCE!

In an ever-changing industry that presents new challenges daily, AEG passes the test. Our experienced and knowledgeable sales professionals are team players, eager to meet our customer's toughest material requirements. We are true professionals, caring for our customers and their needs.
